THE DAILY SENTINEL

RUFUS KING & WM. H. WATSON, PROPRIETORS. Fader the Name and Firm of Rufus King & Co. MILWAUKEE:

Friday Morning, April 3. for Chief Justice of the Supreme Court, EDWARD V. WHITON.

ELECTION, TUESDAY, APRIL 7. Judge Handall not a Candidate.

We are authorized and requested by the Hon A. W. RANDALL to say, that he is not a candidate for re-election as Circuit Judge in this Circuit. We regret Judge RANDALL's determination in the premises, but cannot blame him for refusing to run against a party nomination in this strong democratic district. Mr. McArrhur paid by them. The Milwaukee City Bonds, due, will now have the field to himself. We can only bope that he will justify the confidence of his friends and not confirm the objections of his op-

Later from Europe. One of the new line of Belgian steamers arrived at New York yesterday afternoon, with four days later dates from Europe. She brings rather important news. The difficulty between Prussia and Switzerland is again becoming complicated. Spain is rousing herself from her long torpor and preparing for a serious demonstration against Mexico. France is about to join England in offensive operations against China, and Russia is making ready for a tremendous onslaught upon the brave and indomitable Circasslans.-These wars and rumors of wars have given an upward turn to the com market, and a turn back to the money market. A synopsis of the news will be found under the telegraph head.

Wisconsin Appointments. The telegraph reports that J. R. SHARPSTE Editor of the News, is to be the new Postmisser in this city, and Dan. C. Brown, of the Standard, P. M. at Janesville. These appointments indicate that the Barstow men have possession of Mr. Buchanas and intend putting the knife to the Anti-Barstow wing of Wisconsin Democracy

marine Blanders.

The season of navigation for 1857 has opened wish heavy loss of life and property. The gale of Wednesday wrecked a dozen or more vessels and cost fifteen lives already reported. Almost all of this loss might have been averted if the harbors on this Lake were safe and accessible in storms. But that of Chicago, for instance, in a blow from the North-East, is almost certain destruction to every vessel that attempts and misses the entrance. How long does the General Government intend to withold from the Commerce of our Lakes that measure of protectionwhich is their duty and our right? How long are millions upon millions to be lavished upon other interests and not a dollar given to River and Harbor Improvements?

That "Bogue" Convention.

When the call first appeared in the News, for the Bogus Democratic Convention which has just nominated Mr. McARTHUR for Circuit Judge, the Wankesha Democrat, speaking for the Democracy of that county, denounced it as spurious and unauthorized. Nevertheless under the requisition of the Barstow leaders, the convention was held and delegates appeared from Wankesha County and took part in its proceed, ings. We stated on Tuesday, upon the authority of responsible men and good Democrats, that the delegates who protended to represent Wankerin in the Convention were self elected-no primary meetings baving been held, nor delegates

presentation" are in this matter. Here is what the Waukesha Democrat, received yesterday, says upon this very point :

There were no regularly elected delegates from this county attended; no caucus or Convention this county attended; no canal of the cit-being called for that purpose—Some of the cit-nicts were represented by volunteer delegates. John Fallon, Dr. John G. Cook, and A. W Cole appeared as volunteer delegates to repre-sent the town of Vergou, Wankesha, and Mus-kego, and other districts were represented in

Cole appeared as volunteer designates to represented in the sent that own of Verrous, Wankesha, and Muskesho, and other districts were represented in the same manner.

The Democrat, it will be seen, verifies our statement to the letter and convicts the "cificial organ" of deliberate falsehood. Of course, a nomination made by "volunteer delegates," unablivitied to speak for the people, is entitled to no more weight than the simple recommendation of so many individuals. It was thought indias for many individuals. It was thought indias pensable to Mr. Moarman's success, however, that he should obtain the semblance of a "regular nomination," and so the party machinery was set in motion; a bogus call issued; a "volunteer" Convention get up; the proceedings duly labelled "Democratie" and advertised and puffed through the convenient columns of the News, as the "only gennine Sarsaparilla." Will the People shut their eyes and blindly swallow this quack prescription?

Branding the " Hogus Democrats." Sioux, a Washington correspondent of the Milwaukee News-or to life the veil, A. F. PRATE, Ex-Governor Bansrow's confidential friend and adviser -- thus writes to the " official organ," under date of March 26th :

Wisconsin matters will probably be taken up wisconsin matters will product to the tops good, and then "we shall see, what we shall see "Ex-Sentter Dodge, Ex-Congressman Wells, Ex-Postmaster Koonan, and "Pump Carpenter" are still here attempting to palm off another list of bogus democrats, to fill the federal offices in our State. Another week, will probably reveal the extent of their influence and labor.

Stoux is himself an applicant for one of the federal offices in this State, the' his name, probably, does not figure on Senator Dongs's list.-The News and its correspondent, it will be seen, quiedy whistle down the wind Senator Douge, Mr. WELLS and their friends, as " bogus Demograts." These gentlemen dont believe in Banerow, and therefore the News and its kidney denounce them as bogus. Their friends at home may learn from this what fate awaits them, if the Burstow tribe regard their lost ascendancy. Just now these schemers and wire-workers are doing their best to defeat Judge WEITON, because he ousted their chief from the office which he had asurped, and to elect Arrive McAriner, because he sided and abetted the treason of BARstow. Will the friends of Senator Donos, here. Messrs. Wells, Bookan & Co .- whom the News and its Washington correspondent stigmatize as "bogus Democrats"—join in this notable attempt and thus furnish the club to beat out their ow brains?

A SUGGESTIVE METAPHOR. The News, in quasidenial of the charge that Barstowism was the ruling element in the Logus Convention which nominated McARTHUR for Judge, uses this flower

As to the charge of "Barstow men," this is about the only thunder the Sentiad has left, but it is intrue. It may be uncharitable to laugh at it when we hear it of speech:

"Beat old Zesza's drum again, but we must say that we do not think there is much to be gained by the operation.

Wankesha County Judge. The Republican County Convention, which ssembled at Waukesha yesterday, nominated MARTIN FIELD, of Mukwonago, as candidate for County Judge of Wankesha County. The nomination is an excellent, one and will, we cannot doubt, command the approval and support of the lectors of Waukesha.

Third Ward Assessor -- Reply to "A Morchant."

"A Merchant" draws attention to the consequence of the duties of Assessor in your paper of yesterday, and says the Democratic Caucus of the Third Ward has nominated an unfit and inexperienced person for that post. And admitting (if you will) that all the property in the Third Ward belongs to Americans and Germans, then your oejection would not be obviated; because Mr. Owens is of neither class—he is a Welchman—of good standing somewhat—But here, in this, oven you go into classes instead of regarding all as American cidzens; the only proper test (with qualifications) for office.

Milwaukee, April 2d 1857. "Tax payer" misapprehends our remark. We did not insist that the Assessor should be an American, or German, but we objected to the clan-

chosen in that county. To this the News of yesterday opposes the following brazen denit:

Soon after the Mears was driven into the Lake, the scow-schooner Signet, Capt. This Company, of which John H. Kinzle, Eq., is the Agest, is an immense one. Its capital is ten million of dollars, a portion of which is invested in Europa and the greater part in England. It is probably one of the first institutions of the kind in the world. It insures not only from are but also tar risks on lives. A new son only from are but also tar risks on lives. A new and in, ortant frature in it disc is, that it insures the rents on a building which are paid, in one of the destruction of the building, during the propress of its rebuilding. This is a great point for Onlargo properly holders, who have invested large same at heavy rates of interest in houses

and stores.

The following is a handsome tribute, in acknowledge-ment of the premptness of this well established Com-

ment of the promptiess of this well carallance Company:

Ma. Entron:—I take pleasure in informing through you those interested in effecting policies of insurance on their property that the Liverpool and London Fire and Life Insurance Company have paid up propely and without discount, the only policy of insurance I had on my building lately distroyed by fire on Scalib Water street, to within the thousand dollars.

I had also taken a poil y in that Company's new department for the insurance of rent against loss by fire, and accordingly through its obliging agent here. Mr. Kin the amount insured on the building, will be of material sid in the orection of a new building. But such voluntary and advance payment of rent, I cannot assure myssic of receiving long if the promise of my clear architects, Messic. Haylets & Coleman, thall prove correct that they will secure its completion by the first of August next.

Every Man his own Willer. PORTABLE CAST IRON GRAIN MILL. Young America Improved

THE shove mill was patented by Charles Leavett, and this, feb. 27th, 1856. This mili took the first premium at the Ohio State Fair, 1856, over all other mills, and during the fair so of the fail of 1856, the first premium over many others in the State Fairs of Ohio, New York, Tennessee, Milohigan and Minnesota, also, et the Caunty Fairs of the fail open, Median, Aristad, Wayne, Knox, Montgomery Clark, Srip, Lovain, Richtand, Yayne, Knox, Montgomery Clark, Srip, Lovain, Richtand, Yayne, Knox, Montgomery Clark, Srip, Lovain, Richtand, Yayne, Knox, Montgomery Clark, Srip, Lovain, Richtand, Yyme, Knox, Montgomery Clark, Srip, Lovain, Richtand, Yyme, Knox, Montgomery Clark, Srip, Lovain, Richtand, Tymeusnea, Julerson, Wayne, Fayette, Shelby, Jenaings, Warren and Fountain.

Farmers, Saw Mili owners, Livery Sinble men and all ofters feeding stock of any kind are invited to examine the normal and state of the above mill. The Young America mill grind so much corn in the cob, shelted corn, oats, barley, and all often grains for stock as any mill of the same size and with much less craft.

What we claim is great strength, durability and shapicity, buling go simple that a child can learn to grind with safety.

In the next we claim the small expense to ronew the grinding parts of the mill, and the gase with which the grinding parts of the mill, and the gase with which the grinders are plut on the mill, at cost of not oyer three dallars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of east two, as bard in feet a cast steel can be tempered. Each set will grind from 5,030 to 10,000 bushels of grain, with proper senger. Besideath as et of grinders on the mill, an extra sat will be sat will each nill sold, making it equal to two common mills. When found nucessary to change the grinders, almostany one can do it in twenty minutes.

An a proof of the estimation in which the Young Americal held in Ohio, we gould stote that during the fail winter and spr
